# A PERFEC

Dr. Shazia Nagem (Cantah) Ex. Chairperson
Deptt. of Physics
Islamia college Peshawar

Since my childhood, I heard from politician and intellectuals that Pakistan should have Uniform Education System. I realized the meaning of uniformity in education during my 10 years stay at Cambridge University, UK as a PhD scholar and later on as university teacher.

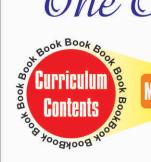

My dream came true when KP government introduced SLO based examination on National Curriculum.

We have prepared books which is 100% following the SLOs of National curriculum. This will not only bring an end to class system in education but will also unite our nation though our slogan

#### We are expert in Translating SLOs of National Curriculum into Textbooks

Bye Bye to Class System in Education
